The Oklahoma Agribusiness Retailers Association (OARA) has been serving the needs of the Oklahoma agribusiness industry since 1989. The OARA has a strong voice offering representation before government and regulatory agencies at both the state and federal levels. We are working for your interests daily!

Through our Government Affairs team, we provide legislative representation, helping to secure legislation which is favorable and helping defeat legislation which is detrimental to your business, and we provide regular updates to members on issues of interest at both the national and state levels. Many OARA members also participate in AgPAC, a political action committee to financially support state office candidates favorable to Oklahoma agribusiness.

OARA supports many agricultural related youth activities for your future customers, connects you with the 14 different Oklahoma colleges and university with agriculture degree programs preparing your future work force and advancing the latest ag research, and invests annually in student scholarships at Oklahoma State University's Division of Agricultural Sciences and Natural Resources.

With your membership investment in OARA, you receive discounted rates at training sessions, Oklahoma Ag Expo registration, Expo booth rental, and discounted advertising rates in the annual membership directory. These discounts offer tremendous savings and for some members exceed the amount of membership investment. A member-driven organization through our board of directors elected from and by OARA members, we seek input from our members to determine how we can meet your needs for continuing education topics and other services to assist you in your business operation. Your membership is important to us!

We thank you for your consideration of membership and look forward to continuing to serve the needs of the Oklahoma agribusiness industry. You may find additional information regarding OARA and the Oklahoma Ag Expo at [www.oklahomaag.com](http://www.oklahomaag.com).
