

Oklahoma Ag Expo

Embassy Suites by Hilton Norman Hotel & Conference Center, 2501 Conference Drive, Norman

www.oklahomaag.com

Monday, November 1

- 9:00 a.m. **Golf for Scholarships**
Westwood Park Golf Course, 2400 Westport Drive, Norman
- 1:30 p.m. **Staying Legal with Fumigations**
This presentation will cover existing Oklahoma Law and Rules for fumigation, safety requirements and fumigation management plans.
Kevin Shelton, Pesticide Coordinator, Oklahoma State University
ODAFF CEU – Fumigation, Demo & Research
CCA CEU – Integrated Pest Management
- 2:30 p.m. **US EPA Registration Review for Aluminum & Magnesium Phosphide**
This presentation will cover recordkeeping, proposed buffer zones, and the latest update on federal changes.
Kevin Shelton, Pesticide Coordinator, Oklahoma State University
ODAFF CEU – Fumigation, Demo & Research
CCA CEU – Integrated Pest Management
- 3:30 p.m. **Aluminum Phosphide Fumigation: Keys to Safe and Successful Fumigation**
This presentation will include Safety – equipment and best practices. Planning, inspection and evaluation. The advantages of closed loop recirculation. Computing the proper allocation doses and monitoring. Checklist of supplies and equipment. Notification and documentation. Teardown and cleaning.
Mike Morgan, M & M Specialty Services, Lansing KS
ODAFF CEUs have been applied for
CCA CEU – Integrated Pest Management
- 5:30 p.m. **Meet & Greet/Pre-Registration Badge Pick Up**
Embassy Manager's Reception, Lobby, provided by Embassy Suites Hotel
- 8:00 p.m. **Cross Precision Measurement/Cen-Ok Services, LLC Hospitality Suite**

Tuesday, November 2

- 7:30 a.m. Registration & Exhibitor Set Up
- 8:00 a.m. **Employee Safety in the Era of COVID-19**
Update on the status of COVID-19 and best practices for your business to protect your workers. This will also include a discussion on Personal Protective Equipment relating to agribusinesses including grain handling and chemical application.
Cody Ott, Director, Value Added Services, Triangle Insurance Co., Enid
ODAFF CEU – Ag Plant, Demo & Research
CCA CEU – Professional Development
- 9:00 a.m. **Managing Plant-Pathogenic Nematodes in Cotton & Soybean**
The presentation will cover some of the important nematodes that can impact cotton and soybean. Topics during the presentation include: diagnosing nematode issues, soil sampling to determine nematode infestations, specific management alternatives for cotton and soybean, and rotational alternatives to manage the important yield-limiting nematodes.

Dr. Tom Allen, Extension/Research Professor
Mississippi State University, Stoneville, MS
ODAFF CEU – Ag Plant, Demo & Research
CCA CEU – Integrated Pest Management

- 10:00 a.m. **Trade Show Grand Opening**
- 11:00 a.m. **Pasture Management Impacts on Long-term Weed Shifts in the SW USA**
This presentation covers the historic and dynamic weed shifts in the southcentral US due to different pasture management techniques. While no increase in true herbicide resistance in pasture weeds has been observed, shifts are happening at the pasture level to harder to control species, or perennial invasives depending on management techniques, chemistries, or treatment intervals selected. Focus will be on some key species from the area including sericea lespedeza, honey mesquite, marshelder, broom sedge, and old-world bluestem.
Dr. Chad Cummings, PhD, Field Scientist
Corteva Agriscience, Bonham, TX
ODAFF CEU – Ag Plant, Demo & Research
CCA CEU – Integrated Pest Management
- Lunch **Outstanding in the Field**
Congressional field representatives for Oklahoma’s U.S. Senators and Representatives provide a briefing on pending ag issues in Washington, D.C.
- 1:30 p.m. **Grain Elevator Safety & Response to Emergencies**
This presentation will discuss the common causes for fire, chemical and entrapment emergencies in grain elevators and ag facilities. What are the best prevention methods and what do you do when an emergency occurs? Ideas for and examples of partnerships between grain and ag facilities and your local, rural emergency responders will be presented. Training opportunities (low and no cost) will be discussed.
Dr. Carol Jones, PhD, PE, Instructor, Fire Service Training
Ag Engineering Professor Emeritus, Oklahoma State University
ODAFF CEU – Fumigation, Demo & Research
CCA CEU – Professional Development
- 2:30 p.m. **Cold Lessons Learned**
In February, Winter Storm Uri had major impacts on Oklahoma including extended disruptions of utility services. What was learned and how does agribusiness prepare for the upcoming winter and major storms in the future?
Commissioner J. Todd Hiatt, Oklahoma Corporation Commission
Secretary Jim Reese, Okla. Assoc of Electric Co-ops, former Ag Secretary
Jason Ketchum, Vice President of Commercial Activity, ONE Gas
Moderator: OARA President & CEO Jeff Hickman
CCA CEU – Professional Development
- 3:30 p.m. **Break – Trade Show Viewing**
- 4:00 p.m. **Herbicide Resistance – The Good, The Bad & The Ugly**
Discussing the inner workings of herbicide resistance. How it occurs, why it occurs, and what you can do about it.
Dr. Todd Baughman, Professor of Weed Science, OSU, Ardmore
ODAFF CEU – Ag Plant, Demo & Research
CCA CEU – Integrated Pest Management
- 5:00 p.m. **Trade Show Viewing/Beverages & Snacks/AgPac Silent & Live Auction**

8:00 p.m. **Hospitality Room Opens – Crimson Room**
Northwest Corner of Embassy Suites Lobby
Presented by McPherson Concrete Storage Systems Inc.,
Rolfes @ Boone, BarnesCo Inc., Central States Fumigation,
Drake Inc., Norwood Contracting LLC

Wednesday, November 3

7:30 a.m. **Registration & Trade Show Viewing**

8:00 a.m. **Oklahoma Agribusiness Retailers Association Annual Meeting**

8:30 a.m. **Weed Control Programs & Weed Resistance Management in Roundup Ready Xtendflex Crops**

This presentation includes a detailed description of the RR Xtend Crop System, characteristics of Xtendflex technology in soybean and cotton, and proposed weed management strategies based on the enabling technology in these crops. A secondary focus will be on general principles of weed resistance management applicable to all crops, with particular emphasis on the RR Xtend Crop System.

Dr. Gregory Steele, Crop Protection Tech Development Rep
Bayer CropScience, Abbott, TX

ODAFF CEU – Ag Plant, Demo & Research

CCA CEU – Integrated Pest Management

9:30 a.m. **Oklahoma Department of Agriculture, Food & Forestry Updates**

The latest on upcoming changes and current laws & rules, as well as a review of the computer-based testing procedure and discussing CEUs.

Megan Parker, Pesticide Program Manager, ODAFF

ODAFF CEU – Ag Plant, Seed Treatment, General Pest Control, Fumigation, Demo & Research

CCA CEU – Integrated Pest Management

10:30 a.m. **Break – Trade Show Viewing**

11:00 a.m. **Weed Management in Winter Wheat**

Update on herbicide-resistant weeds in winter wheat, including how to best manage these species in the short- and long-term. Emphasis will be on winter annual grass weeds.

Dr. Misha Manuchehri, Extension Weed Specialist, Oklahoma State Univ

ODAFF CEU – Ag Plant, Demo & Research

CCA CEU – Integrated Pest Management

Lunch **23rd & Lincoln**

Oklahoma Secretary of Agriculture Blayne Arthur joins the OARA Government Affairs team of Jami Longacre and Lori Peterson, along with OARA President & CEO Jeff Hickman to provide the latest on ag policy in Oklahoma.

1:30 p.m. **Identifying & Managing Invasive Plants in Native Pasture**

There are three steps to take before choosing the best control option for unwanted plants in your pasture: 1) Identify the plant; 2) Determine your Goals; 3) Know the Controls. Learn about resources to help make management decisions and effective control options for common unwanted plants like sericea lespedeza, musk thistle, and others.

Dr. Laura Goodman, Assistant Professor

State Rangeland Extension Specialist, Oklahoma State University

Emerging Weed Issues in Introduced Hay & Pasture

The last few years have not only brought inconsistent weather patterns but also a changing list of problem weeds. Fortunately, an increased variety in labeled herbicide options can aid a producer in tailoring a herbicide program for their operation. Attendees will explore the decision-making process behind herbicide applications, potential weed issues and what the latest OSU research is identifying as products offering suppression and/or control.

Brian C. Pugh, Area Agronomy Specialist

Oklahoma State University, Muskogee

ODAFF CEU – Ag Plant, Demo & Research

CCA CEU – Integrated Pest Management

(Exhibitors May Begin Dismantling Booths)

2:30 p.m.

High Times for Oklahoma Marijuana, High Stakes for Oklahoma Agriculture

Marijuana has rapidly gone from a budding industry in Oklahoma to leading the nation in production. Cheap licenses and little initial regulation meant the green carpet was rolled out for legal, illegal, domestic and foreign growers. With the new sheriff in town at the OMMA and a trusty partner at OBN, we delve into the weeds of marijuana policy, and how agriculture co-exists.

Adria Berry, Executive Director, Oklahoma Medical Marijuana Authority

Mark Woodward, Public Information Officer, Okla. Bureau of Narcotics

Moderator: OARA President & CEO Jeff Hickman

CCA CEU – Professional Development

A group of rooms have been blocked for attendees at the Embassy Suites by Hilton at a rate of \$134 until October 10, 2021. You may either call the reservations line at 866-577-1273 using the group code “AGX” or use the following link:
