

The Oklahoma Wheat Growers' Association

Presents

Wheat Day at the Capitol

Wednesday, April 3, 2019

"Education is all a matter of building bridges." - Ralph Ellison

With term limits and a large portion of the Oklahoma State Legislature representing urban areas it is more important than ever that we educate our legislators regarding the Oklahoma wheat producer and the wheat industry in general. We are the voice to make certain our elected officials understand our position on critical issues that affect our business operation.
